

BSides Winnipeg Sponsorship Package

Introduction

In 2013, B-Sides Winnipeg packed the second floor of the Kings Head Pub with over two hundred information technology professionals. In 2015, Winnipeg's biennial security conference sold out weeks in advance. Now, [Security B-Sides](#) is returning to Winnipeg for its third year, and your organization is invited to help make it happen. By sponsoring BSides Winnipeg, your brand will be exposed to the best and brightest of the information security community both in Winnipeg and beyond.

BSides Winnipeg 2017 is an exciting two-day information security conference hosted at the [King's Head Pub](#) in Winnipeg's historic [Exchange District](#). With an ideal venue for informative presentations, sharing ideas, and interacting with others, BSides Winnipeg helps establish a much-needed link between information security professionals and the Winnipeg technology community.

This event builds on the successes of [BSides Winnipeg 2013](#) and [2015](#), which sold out quickly, with close to 200 attendees each year (including volunteers and speakers). Based on the positive feedback we collected, we expect this year's event to be just as well attended and successful!

Event Details

- Date: Saturday November 4th and Sunday November 5th
- Time: Approximately noon to 7pm both days
- Venue: [The King's Head Pub, 120 King Street, Winnipeg, MB](#)
- Attendees: Up to 200 individuals interested in information security
- Admission: \$20, which includes a meal each day
- Twitter: [@BSidesWpg](#)
- Website: <http://www.BSidesWpg.ca/>

Target Audience

BSides Winnipeg targets industry professionals looking to offset or augment their current security skill set with that of the next-big-thing conversations. These are industry leaders, information security professionals, and even students who wish to expand their body of knowledge or break into the industry. The common goal of the attendees is to learn about emerging issues and connect with those who are having them. The presentations given at the conference share a common thread of being technical and "from the trenches": the talks from previous years covered topics such as [SSD security risks](#), [detecting malware on very large networks](#), and [advanced Windows vulnerability research](#). You can see all of the talks on our [2013](#) and [2015](#) YouTube pages!

Sponsorship Tiers

Sponsors are essential to making the event a success, and will be recognized at the event based on their level of contribution:

Tier 1: \$500+

- Logo on event website
- Logo in program guide
- Four free tickets to the event

Tier 2: \$1000+

- Everything in Tier 1
- Sponsor-provided cloth-type banner placement at venue
- Logo on back of t-shirt
- Logo on back of badge
- Six free tickets to the event

Tier 3: \$3000+

- Everything in Tier 2
- Table space for recruiting
- Two or three minutes at the closing ceremonies to address the attendees
- Half-page advertisement in the program guide.
- Ten free tickets to the event

Note that sponsorship *does not guarantee a full speaking slot!* Sponsors are welcome to submit their own talks, which will be evaluated on their own merits.
